Psalms 115

July 9, 2023

1. How would you explain to someone what God's glory is?
2. In today's world, what ways do we hear the taunt of the nations, "Where is their God?"
3. What are the idols in our world today? Are there any idols that are more tempting for you? What is attractive about that idol to you?
4. One of the difficulties in trusting God is that we cannot see him. That's why it is easy for the nations to mock, "Where is their God?" As Christians, what are ways we build our trust in our God, the God we cannot see?
5. A large part of the Christian life is regular repentance. We are always to be turning away from idols and turning to Jesus. However, we can be desensitized to our idolatry. What are practical ways to recognize idols in our lives? How can our small group do a better job at helping one another with this discipline?
